JERRY'S HOUSE THE SOAP NOSE AND FUNNY BUTTON

These are exclusive designs of Lochie Graham for Jerry's House. The Funny Button when pressed makes funny sounds and The Soap Nose slides over a wall soap dispenser so the soap comes out looking like another fluid that comes out of noses! These are stuck on the walls of hospitals and health care centers and sent home with the happy cases for children to continue their healthy humor program at home.

Yes, I'd like to donate a Jerry's House Soap Nose and Funny Button, worth \$50. Qty:
